This detailed map shows the seismic risk levels for the study area. The map is overlaid with contour lines indicating elevation. The risk levels are color-coded: green for low risk, yellow for medium-low risk, orange for medium-high risk, and red for high risk. The map includes labels for various locations such as Soliera Apuana, Biondo, Plan di Soliera, Molino di Soliera, and Corvara. The map also shows the location of the study area within the Union of Mountain Communities.
