The main map displays the seismic hazard levels across the Lunigiana region. The hazard is categorized into four classes: S1 (lightest purple), S2 (medium purple), S3 (dark purple), and S4 (darkest purple). The map shows a complex pattern of hazard levels, with S4 areas concentrated in the central and eastern parts of the region, particularly around the towns of Casola and Mulazzo. S3 areas are also present in the central and eastern parts, while S2 and S1 areas cover the western and northern parts of the region. The map includes numerous place names and topographic features, such as mountains and valleys.

The inset map shows the regional context of the study area. It displays the boundaries of various municipalities, each labeled with a code. The codes include ZE.1, ZE.2, FL.1, BA.1, CO.1, ZE.3, MU.1, MU.2, VL.1, LN.1, CO.2, CO.3, MU.3, VL.2, LN.2, FZ.1, FZ.2, TR.1, LN.3, FZ.3, CA.1, FO.1, FO.2, FO.3, FO.4, FO.5, FZ.4, FZ.5, FZ.6, and CA.2. The map also shows the coastline of the region.
